RE: Thank You

I want to take this opportunity to write and thank you for the assistance you rendered September 14 during the Hurricane Floyd warning. This truly was an example of performance beyond the call of duty, and I am deeply appreciative of your efforts.

I know that many of the individuals that assisted did so at the expense of their normal duties and responsibilities and perhaps caused delays in personal preparations that needed to be done at their homes. Your dedication and service are recognized and appreciated!

Dear Pepe:

Thank you and your staff for a job well done on Saturday at the Business and Finance Employee Picnic. I appreciate your cooperation in the planning of the event, and the remarkable results which were produced by Dining Services, despite the bad weather conditions. Without the generous donation of your time, services and food selections as a whole, the outing would not have been possible.

I particularly applaud the volunteer services of Joe DiPasquale, Corally Perez, Sue and Gregg Koester, Joe Shandra and Eligio Espinoza. It is rare to find managers who show the care and concern you express for your engagements.

Again I am very appreciative for your assistance in making the Business and Finance Employee Picnic an appetizing and fun-filled day.

Sincerely,

Cynthia W. Curry
